

CONSTRUCTION ENGINEERING & INSPECTION

ENGINEERING • PLANNING • SURVEYING

A TCS, P.L.C. (ATCS) provides construction engineering and inspection services to a variety of federal, state, municipal and private clients. Our client list includes:

Our client list includes:

- Virginia Department of Transportation
- NOVA District
- Fredericksburg District
- Culpeper District
- Spotsylvania County, Virginia
- Maryland State Highway Administration
- Prince George's County, Maryland

We have a staff of 35 highly qualified construction inspectors available to meet our client's needs. Our staff has MARTC and VDOT certifications for soils and aggregate, hydraulic cement, asphalt, pavement marking, and flagger certification. Other certifications include: ACI; NICET; Nuclear Gauge Safety; DCR Erosion and Sediment Control; and SiteManager. We understand the importance of maintaining an inspection staff that is willing to work in diverse and dynamic conditions including nighttime work, work under heavy traffic conditions, and adverse weather. Services include:

- Construction document preparation
- Constructability review
- Construction schedule review
- QA/QC construction inspections
- Construction monitoring and documentation
- Materials testing
- As-built drawing preparation
- Preparing monthly estimates
- Providing liaison for the owner with the contractor, permit agencies, residents, and the community
- Claims mitigation and resolution
- Final Audits and project closeout

Significant projects for which Construction Engineering and Inspection Services have been provided include:

- NOVA District-wide Maintenance Inspection
- Fredericksburg District-wide Construction Inspection
- Spotsylvania County Unpaved Roads Assessment
- Maryland Districts 1 and 7 Construction Inspection
- Prince George's County Utility Permits Inspection

ATCS' inspectors understand their role as representatives of the owner and the importance of being respectful and responsive to the questions and requests of others involved in the project. We facilitate schedule, budget and compliance success of our projects by following through on our creed: Start Right...End Right

ATCS[®], P.L.C.
